Informatics
At Plovdiv University, FMI
Sept. 2019 – Ongoing (Last Year)

COURSES

- ReactJS - at SoftUni
- JavaScript Advanced - at SoftUni
- JavaScript Fundamentals - atSoftUni
- HTML & CSS - at SoftUni

SUMMARY

Last year as an Informatics student. I developed a strong understanding of web development principles and gained a passion for creating user-friendly and visually appealing websites. I am proficient in using React, HTML, CSS, and JavaScript to design and build websites. Additionally, I have strong problem-solving skills and am eager to learn and grow in a team environment. I am confident that my skills and passion will make me a valuable asset to any web development team.

PROJECTS

Portfolio Website

- Developed a personal portfolio website that serves as a platform to showcase my skills, education, and personal projects. Designed with a focus on user experience, the site presents a clear picture of my abilitiesand strengths to potential employers. It demonstrates my proficiency inweb development and design, as well as my commitment to creating high-quality, visually appealing, and functional websites.
- **Tech Stack:** React, TypeScript, Tailwind CSS, Framer Motion, Firebase,React-Hook-Form

Live Website Demo

WMS – Warehouse Management

- Built a modern full-stack warehouse management website designed for employees, used to provide an efficient and user-friendly experience for managing warehouse products.
- **Tech Stack:** React, TypeScript, Tailwind CSS, React Router, NodeJS, ExpressJS, MongoDB, Firebase, Axios, Context API

Live Website Demo

Rent a Car

- Developed a full-stack business-to-consumer car rental application. It features authentication, user roles and CRUD operations for data management, and provides a user-friendly experience for car rental needs.
- **Tech Stack:** React, TypeScript, Tailwind CSS, React Router, NodeJS, ExpressJS, MongoDB, Firebase, Axios, Context API

Live Website Demo

Espresso Coffee Shop

- Built an e-commerce website that enables customers to browse and purchase a variety of coffee, espresso machines, grinders and accessoriesonline.
- **Tech Stack:** React, JavaScript, CSS, React Router, JSON
